TEACH TECH®: DIZZY, THE 6-IN-1 GYROSCOPE SELECTED AS FINALIST FOR ASTRA'S 2021 BEST TOYS FOR KIDS

Wheeling, Illinois (May 10, 2021) – Elenco's TEACH TECH®: DIZZY, THE 6-IN-1 GYROSCOPE has been selected by the American Specialty Toy Retailing Association (ASTRA) as a Finalist for the BEST TOYS FOR KIDS award in the Science category for 2021.

This year's nominees were submitted by ASTRA members beginning in January and were narrowed down to a field of finalists that includes a total of 52 products spanning 10 categories.

Introducing TEACH TECH®: DIZZY, THE 6-IN-1 GYROSCOPE! Build Dizzy, pull the ripcord, and watch him go. No batteries! Learn STEM concepts and basics of gyroscopes, balance, and more. Dizzy can transform into 6 different builds: Stilts, rover, swinging robot, tower spinner, scooter, and roller coaster rider.

TEACH TECH®: DIZZY is appropriate for budding engineers, ages 8+, and includes:

- Various parts to build 6 different builds
- Full-color, easy-to-read project manual

About Elenco: For almost 50 years, Elenco has provided educational/STEM products, along with hobby and test equipment to schools and consumers. Elenco has been family owned and operated since 1972, founded by Gil Cecchin, an electrical engineer. Elenco's pride is the award-winning SNAP CIRCUITS® product line, which teaches kids to have fun learning electricity, engineering, circuitry and more. The SNAP CIRCUITS® brand has been endorsed by educators globally and used in schools, libraries, museums, after-school and homeschool programs, STEM and Maker programs, and at home.
